**TRUSTEES OF TRUST FUNDS & CEMETERIES
TOWN OF KINGSTON, N. H.**

REPORT FOR YEAR ENDING DECEMBER 31, 1964

Four cemetery plots were sold this year and three new trust funds were established bringing in \$680.

The tool house in the Kingston Plains Cemetery was repaired and painted.

The Old Town hearse was removed from the Town Hall and is now parked in this tool house. This hearse is in good repair and will be preserved.

The balance of the trees and bushes at the back and end of the Pine Grove Cemetery were removed and we hope this year will see the stumps removed and the ground graded. We are trying to acquire from the Town or State enough extra land to square up this end of the cemetery which is now diamond shaped.

The Mill Stream Cemetery had a real face lifting this year. The interest on the Walter S. Bartlett Trust Fund became available May 1st. We took out all of the old wood and wire fences and all of the trees and bushes that interfered and built a substantial field stone wall across the front and a heavy steel wire fence along the south side and part of the back. This coming year we are planning to install gates to close the two driveways and to complete the fencing of the back and other side. We want to drive a well in the south west corner to make water available for the flowers and grass.

Ten years ago our total trust funds were \$23,929.90; now they are \$44,054.73, an increase of over 80% not including the Walter S. Bartlett Trust Fund from which we received \$2,818.08 this year. This fund will more than adequately care for this cemetery.

Now we would like to have other public spirited people, or groups of people, with funds available, set up trust funds for the other cemeteries or parts of cemeteries so that eventually all of the cemeteries will be properly cared for at no expense to the Town.

LIBRARIANS REPORT

This year has seen greater demands on the Nichols Memorial Library with an increasing number of students from the Bakie School and Sanborn Seminary signing up for reference services. We borrow extensively from the State Library and the Bookmobile to supplement our collection.

The library is now open on Monday afternoons from three to five in addition to the regular hours on Wednesday and Saturday. Mrs. Charles Morse has been serving as assistant librarian, working on Monday afternoons in addition to cataloguing and various other duties.

As a member of the Shieling and the Cooperative book buying groups, the librarians and trustees have met bi-monthly with members of the State Library Staff to purchase books. The purpose of the Shieling grant is to provide, to the communities of this group, books which they would find too expensive for limited budgets.

The trustees are using the income from the Pine Tree Grange Trust Fund to increase our collection of books of New Hampshire. This year we purchased: **Morison-The Intellectual Life of Colonial New England** and **Sinnot-Meetinghouse and Church in Early New England**.

Reference books were bought with fine money which totaled \$149.08 during the year.

Our deep gratitude and appreciation goes to Kingston Veteran's Club for their most generous gift of \$400.00 which was used to buy books in all classifications but with special emphasis on reference books for both junior and senior high school level.

The sixth year of National Library Week was observed with special collections of Arts and Crafts books and very interesting craft exhibits loaned by the people of Kingston. This display was arranged by our newly formed Friends of the Library group.

Mrs. Elmer Larson brought her pupils of the Holiday Kindergarten to the library for a story hour for instruction in the use of the library.

We sincerely thank the Kingston Republican Club for presenting the library with a flag which had flown over our Capitol.

The beautifully decorated wreath, donated by the Kingston Garden Club, was greatly enjoyed by the townspeople during the Christmas holidays. Also, as in previous years, the Garden Club planted geraniums in the urns on either side of the entrance.

Landscaping plans were continued this year with shrubbery planted in front of the building.

We wish to thank the following for books donated during the year; Mrs. Robert Brockelbank, Miss Elaine Cheney, Mrs. Andrew Christie, Mrs. Halton Erne, Mrs. Ira Meeks, Mrs. Charles Morse, Kingston Womens' Republican Club, Mrs. Leonard Sanborn and the Kingston Veteran's Club.

Respectfully submitted,

GLADYS M. MARCHE,

Librarian

REPORT OF POLICE DEPARTMENT

The year 1964 saw the Kingston Police Department handle 38 automobile accident investigations. No fatalities resulted from any of these accidents.

The department now consists of the Chief, two elected regular officers; Chandler West, Howard Malloy and a Police Matron, Barbara Norris and 17 Special Officers.

Through the generosity of the Kingston Veteran's Club, who donated a Motorola portable two-way radio to the police department, we now boast of one of the most versatile communications systems in the state for a town of comparable size.

Police duty for the summer season of 1964 at the Kingston State Park was handled by the Kingston Police Department with the State of New Hampshire bearing the financial burden. The roster for the park was drawn from the ranks of the special officers. No difficulties were encountered in maintaining order on Park property.

The entire department donated their services for duty during carnival week in July. This operation also ran smoothly.

Officers have been assigned upon request for social functions, auctions, athletic events, dances, etc.

Complaints answered by the Kingston Police Department were:

Bomb Scare (Sanborn Seminary) 1

Indecent Exposure 1

Breaking and Entering, Larceny 12 (5 solved)

Stolen Motor Vehicles	8 (all recovered)
Acts of Vandalism	6 (3 solved)
Messages Delivered	32
Defective Equip. tags issued	53
D.W.I.	2
Juveniles Committed to State	
Industrial School	1
Confiscated Hand guns returned	1
Confiscated Hand guns	1
Committed to State Hospital	1
Fugitives Apprehended	1
Warrants and Court	22
Miscellaneous Complaints	56

At this time, I wish to thank those officers who were most cooperative and showed much initiative in the performance of their assigned duties. My appreciation is also extended to members of the Rescue Squad, Fire Department, Town Officials and residents whose understanding and cooperation helped us immeasurably in the performance of our duties.

Respectfully submitted,

EARL S. CARTER, Chief

ANNUAL REPORT OF THE FIRE DEPARTMENT

The Fire Department answered a total of 127 calls this past year. Eighty-eight were for the emergency wagon, thirty-five for town fires, two for out of town fires, and two search parties were formed.

Special thanks should be given to the volunteers who have so willingly responded to the many calls for the rescue wagon.

The new alarm system was installed, and from all indications it has proved very satisfactory. Every Saturday at twelve noon the alarm is tested.

Estimated fire damage for the town this year was held below \$5,000 which is very good considering the exceptionally dry season we had.

The Fund Raising Committee has been very busy with the dances, and making plans for the Sled Dog Races which will be a first for this area. By the time this report is out it will be known whether this enterprise was profitable. Many thanks to those on committees who have devoted so much time for the truck fund.

To report a fire or emergency, the number is 642-5512. Please **not** use this number for information or personal calls. When wanting information at the fire house, the number to call is 642-3342. This will leave the fire phone available for rush calls.

We wish to thank all those who have contributed in any way to our department. Your support is always appreciated.

Again may I remind you that permits must be obtained from the Fire Wardens for outside fires. And permits for the installation of oil burners and fuel storage are to be obtained from the Fire Chief. These are required in accordance with the laws of the State of New Hampshire.

Our Association meets the third Monday of the month at the fire house. Anyone interested in becoming a volunteer of our department will be welcome.

Respectfully submitted,

ALFRED L. MOORE, Fire Chief

REPORT OF THE PLANNING BOARD

The Kingston Planning Board for the year 1964-1965 consists of the following members.

Richard Reid	Term Expires 1965
Richard Senter	Term Expires 1966
Maurice Aiken	Term Expires 1967
David S. Gould	Term Expires 1968
Dwight Killam	Selectman

Officers elected by the Board are:

Richard Reid, Chairman

David Gould, Secretary-Treasurer

Richard Senter was appointed by the Selectmen to fill the term of Donald White who resigned due to health.

At the 1964 Town Meeting \$3,280.00 was appropriated to allow the town to participate in the urban planning **assistance program.**

The Planning Board select Hans Klunder Associates as planning consultant. The Federal Housing and Home Finance Agency approved our application for federal assistance and a contract between the town of Kingston and the N. H. Department of Resources and Economic Development was signed.

Hans Klunder Associates started their study of the town by conducting a door to door survey during the summer. This survey gathered valuable statistical information as well as the citizens' opinions on town problems and needs.

The people of Kingston were very cooperative in answering the questions asked during the survey and the Planning Board wishes to extend their thanks to the citizens who took the time to answer questions and make comments relevant to the town.

To date the consultant has submitted interim reports on the field survey summary, population study, school study, existing land use study and economic base study. Further reports will be received on a monthly schedule during 1965.

The consultant will submit final reports, recommendations and maps in December, 1965 and necessary articles will be placed in the 1966 town warrant to accept and implement the comprehensive master plan.

Respectfully submitted,

RICHARD D. REID, Chairman

REPORT OF THE SCHOOL CLERK FOR THE KINGSTON SCHOOL DISTRICT

March 7 and March 10, 1964

At a meeting of the Inhabitants of the School District of the Town of Kingston, qualified to vote in district affairs held in said Kingston in the Daniel J. Bakie School Auditorium on March 7, 1964, starting at 8 p.m., the following business was transacted:

The meeting was called to order at 8 p.m. by the Moderator, Leonard F. Sanborn. Prayer was offered by Rev. Herbert Skelley, Vicar of St. Christopher's Episcopal Church, South Kingston.

The Moderator introduced the members of the School Board and the School Clerk, and announced that the Superintendent was not present.

The Moderator asked any voters attending their first Kingston School District Meeting to rise; where upon, the Moderator's son, Donald, was the only new voter present.

The Moderator read the report of the Finance Committee, as follows:

Article 1 No recommendation

Article 2 None required

Article 3 The Committee made certain recommendations to the School Board which have been incorporated in the proposed budget. The Finance Committee has no legal status in regard to the School Board's budget, and has no formal recommendation.

Article 4 Recommends passage of this article.

RICHARD W. SENTER,

For Finance Committee

Article 1. A motion was made and passed that the salaries of the School Board and School District Officers be set at \$735.00, apportioned as follows: School Board Chairman, \$200.; School Board Clerk, \$175.; School Board Member, \$150.; School District Treasurer, \$150.; School District Clerk, \$15.; School District Moderator, \$20.; and School District Truant Officer, \$25.

Article 2. A motion was made and passed that the reports of the Agents, Auditors, and Officers be accepted as printed in the Town Report.

A report from the Kingston Cooperative School Planning Committee was read by George H. Harmon, Chairman, as follows:

On August 26, 1963, at a Special School Meeting, a three-man cooperative school planning committee was created with David G. Conant, George H. Harmon and Richard W. Senter elected to serve until the annual school meeting of March, 1967, or until a recommendation was submitted to the residents of Kingston proposing a particular cooperative school district plan or proposing that no cooperative school district be formed.

The committee joined first with the similar committees from the towns of Brentwood, Danville, Fremont and Sandown to form a Cooperative Planning Board. The addition of the three-man committee from Atkinson, Newton and Plaistow resulted in 24 individuals making up the South Eastern N. H. Cooperative School District Planning Board.

The Kingston Committee, believing the only way to evaluate a cooperative plan was with respect to alternatives, endeavored to determine possibilities involving tuitioning students on short-term basis or long-term contract, educating students under the A.R.E.A. plan or establishing twelve-grade education in Kingston by providing a locally operated high school. In order

to determine this, the Committee has held eight meetings, a meeting with the trustees of Sanborn Seminary, an open hearing and a P.T.A. meeting program. The Committee has also met fourteen times as part of the Cooperative School District Planning Board.

Responsibilities assumed on the Board by the Kingston Committee included Board Chairman, George H. Harmon; Clerk-Treasurer, David G. Conant; Other Proposals Committee Chairman, Richard W. Senter; Member of Transportation and Site Committee, David G. Conant; Member of Articles of Agreement Committee, George H. Harmon.

The Planning Board was interested in determining what might be the best solution to the school problems of the eight towns and particularly the advisability of accepting the Sanborn Seminary offer to sell its facilities for \$100,000. for utilization as part of a cooperative school. Committees were formed and data was collected sufficient to make determination of proper choice. Curriculum requirements for a grade 1-12 system were determined; enrollment projections for each of the towns through 1968-1969 were made; housing requirements for several plans utilizing enrollment and curriculum data were prepared and studied; transportation costs were analyzed, and possible sites for new buildings were located.

Analysis of this data indicated that although at the present time the school population was proper for an eight town cooperative school district, the growth projection of the area disclosed developing inequities. Proposals were made to form small cooperatives. The Kingston Committee suggested a withdrawal clause be made a part of the Articles of Agreement to allow realigning the Cooperative as the area grew. They further stated that unless such a clause or similar protection were

made, they as a Committee would not recommend to the citizens of Kingston that an eight-town cooperative be formed. On February 27, 1964, the four towns of Atkinson, Plaistow, Danville and Sandown, believing that this combination would be best for them, withdrew from the Planning Board to form their own group. The remaining four towns of Brentwood, Fremont, Newton and Kingston continue to investigate their problems.

With respect to the Sanborn Seminary offer to sell its facilities, the Kingston Committee has recommended strongly the acceptance of the offer.

Respectfully submitted,
DAVID G. CONANT
GEORGE H. HARMON
RICHARD W. SENTER

A motion was made and passed that this report be accepted. (There was no expression as to report being printed in Town Report next year.)

Article 3. A motion was made and passed that the district raise and appropriate \$264,113.00 for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

An amendment was made and passed that \$13,000 anticipated revenue from the N.H. Sweepstakes be included in the receipts item of the budget; thereby changing total receipts to \$29,414 and changing amount to be raised by Property Taxes to \$234,699.

An amendment was made and **not** passed (show of hands — Yes 19; No 22) that we reduce the amount to be raised by taxes by \$2,090.78 (the estimated balance left in the Building Fund), thereby reducing the amount to be raised by taxes to \$232,608.22.

Article 4. A motion was made to adopt the article as read; whereupon an amendment was made and passed to change the time to "at least two months" (instead of two weeks) "before the annual meeting."

The amended motion was then passed, as follows: It was voted that the district appoint a Finance Committee annually to assist the School Board in preparing the budget of the District; said committee to consist of the members of the Town Finance Committee for the corresponding year. The committee shall meet with the School Board at least two months before the annual meeting, select its own chairman and present its recommendations at the annual meeting.

Article 5. A motion was made and passed that the meeting be adjourned at 8:35 p.m.

BETTIE C. OUELLETTE,

School Clerk

On Tuesday, March 10, 1964, there were 645 votes cast by secret ballot, at the Kingston Town Hall. The polls opened at 10 a.m. and closed at 7 p.m. The ballots were counted by the School Board and the School Clerk, with the following results:

Article 1. Leonard F. Sanborn was elected Moderator for the coming year. (581 votes).

Article 2. Bettie C. Ouellette was elected Clerk for the ensuing year. (594 votes)

Article 3. Maurice S. Aiken was elected a Member

of the School Board for the ensuing three years. (544 votes)

Article 4. Gertrude W. Semple was elected Treasurer for the ensuing year. (566 votes)

Article 5. Irving Johnson (86 write in votes) and Harry Snow (87 write in votes) were elected Auditors for the coming year.

Article 6. A motion was made and passed that the meeting be adjourned at 9:30 p.m.

SUPERINTENDENT'S REPORT

It is with pleasure that I submit this, my third annual report to you.

This past year has certainly been an unsettled one, especially as it relates to co-operative school studies and, in general, supervisory union re-organization.

As you know, the year started with a continuation of the eight-town Southeastern New Hampshire Co-operative School District Planning Board study. The towns involved in this group were Atkinson, Brentwood, Danville, Fremont, Kingston, Newton, Plaistow, and Sandown. However, on February 27, 1964, the delegates from Atkinson, Danville, Plaistow and Sandown surprised everyone by requesting permission to withdraw.

Immediately, conflicting stories concerning the probable reasons for the withdrawal began circulating. As is usually the case, most of these were false. There was one, and only one reason—the formation of an eight-town co-op in such a rapidly growing area proved to be simply impractical.

Soon after this separation, two small groups were organized and became known as the Timberlane Regional School District Planning Board and the Sanborn Regional School District Planning Board. Remaining in the Sanborn group were Brentwood, Fremont, Kingston and Newton.

The Timberlane Planning Board study progressed very rapidly and by June 1964, the completed co-op plans were presented to the voters for approval. By an

overwhelming affirmative vote on June 11, the Timberlane Planning Board's proposal was accepted. Thus, the Timberlane Co-operative School District was officially created.

On the other hand, the Sanborn Planning Board study moved much more slowly. Nevertheless, progress was made and on February 20, 1965 you will also have an opportunity to express your feelings by casting a vote.

Since printing demands require me to write this report in January, to be read in March, any recommendation I might make here relative to the February 20th meeting would obviously be too late. I do hope, however, that you followed my last year's recommendation and voted yes. If you did so, I certainly congratulate you.

In closing, I wish once again to commend you and your dedicated school board for providing us with the funds and facilities to make possible a superior educational program for your children. At the present time Kingston has an excellent staff and a capable administrator. The development of their own elementary school curriculum guide was truly a remarkable accomplishment. Few elementary schools the size of Bakie have undertaken such a large task, and, fewer yet have ever completed the job.

I want also to thank Mr. Hodsdon, his teachers, and all school personnel for helping to make more enjoyable a most difficult job—that of being superintendent of schools in seven different towns.

Respectfully submitted,

FRANCIS C. WILSON

Superintendent of Schools

REPORT OF THE PRINCIPAL

The Administration and Teachers of D. J. Bakie School are striving to improve every phase of education possible. Every day presents a new challenge and every challenge brings new life into the desire of teaching children.

It is generally understood that mathematics, science, English, social Studies, reading, spelling and writing are taught in school. What is not understood, and perhaps should be, is the "behind the scenes" activities that make it possible to teach these subjects. To be realistic about the total picture of education, we must also realize the ever increasing responsibilities created over the years that play a major role in developing the proper attitudes and habits in the future of our youth.

The Space Age has set the almost ridiculous pace that we must keep up with in education. We have, however, set the stage for guided curriculum. It is hoped that we will be able to continue to keep up with the changes in education but also hoped that we do not speed up the school program to point of frustration to all students.

In grades 1-5, the classes are divided heterogeneously to give every child the opportunity to excel, and the teachers are working diligently to meet the needs of every student.

In grades 6-8, we are departmentalized and grouped homogeneously. These students are divided in this manner in order to prepare them during this three year period for high school. Here again, we are trying to meet the needs of all students.

During the past year, we have worked together to develop a complete curriculum guide. This was developed to fulfill the need for continuity in our school program. It is through these efforts that we at Bakie School strive to meet the needs of every student. We are no longer a small school, therefore, only through the cooperation of everyone involved will we be able to operate as efficiently and effectively as possible.

I want to thank the School Board, Superintendent of Schools, Teachers, School Nurse, Custodian, PTA, Sanborn Seminary, Clerk and all Parents and friends for their help and cooperation in their efforts and interest in the education of all the children of Kingston. It is, in my opinion, imperative that we continue to work together. As the distinguished committee members for the White House Conference On Education explains it, "As long as good schools are available, a man is not frozen at any level of our economy, nor is his son."

Respectfully submitted,

JOHN R. HODSDON, Principal

REPORT OF THE SHOOOL NURSE

To the Superintendent of Schools, School Board and to the Citizens of Kingston:

Health is everybody's business, especially the health and health education of the children in our schools. It is the responsibility of everyone not only the school nurse and the teachers, and because of this responsibility, it is important that we all work together towards good health. Good health habits are taught in the classroom with the use of movies, pamphlets and discussion groups.

Our excellent Hot Lunch Program with its well planned and nutritious meals, fitted in successfully with the classrooms program of nutritious and good eating habits.

Dental hygiene was discussed with the lower grades and through the courtesy of a leading toothpaste concern, we were able to distribute toothbrushes and toothpaste to the third graders.

Personal cleanliness was the subject of discussion for the sixth, seventh and eighth graders this year.

All children received routine checks on height, weight, hearing and vision. The steri needle test was given for TB with no positive reactions, and the Sabin Oral Vaccine for polio was made available free of charge to everyone.

This year, we had greater contact with our exceptional children; two of whom were already attending classes at Bixler House in Exeter, and we were able to place two more in the school.

Home calls were made to discuss problems with parents and it is through this personal contact that a greater understanding and better solution of problems can be reached.

At this time I wish to thank all the organizations and individuals in Kingston for their unselfish donations of time and money without which we would be unable to carry out our program, especially to the Lions Club for their aid in our sight program. It was through their great generosity that a new eye machine was added to our equipment.

Many glasses and eye treatments were made available to children whose parents would otherwise not be able to afford these things.

Respectfully submitted,
SHIRLEY TOWNSEND, R. N.
